COLORADO'S
WATER PLAN

Municipal & Industrial Gaps

INTEGRATING WATER-SAVING ACTIONS

AND LAND USE
PLANNING.

Conservation

Colorado's Water Plan sets a measurable objective to achieve 400,000 acre-feet of municipal and industrial water conservation by 2050.

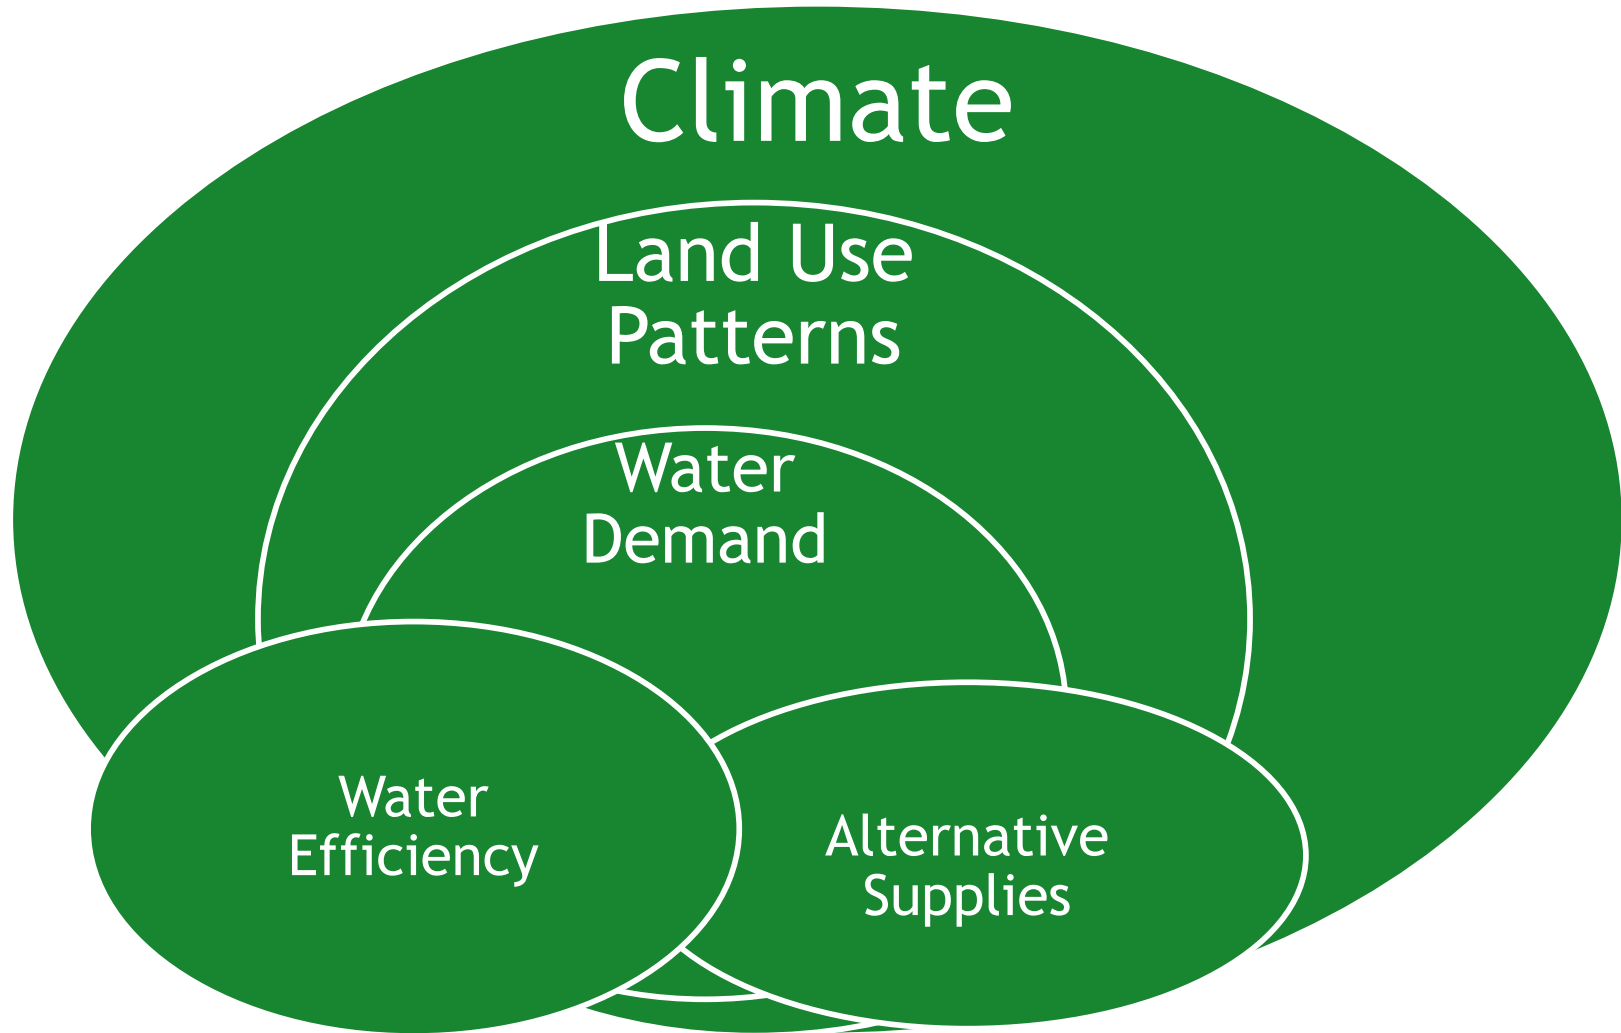

Land use

Colorado's Water Plan sets a measurable objective that by 2025, 75 percent of Coloradans will live in communities that have incorporated water-saving actions into land-use planning.

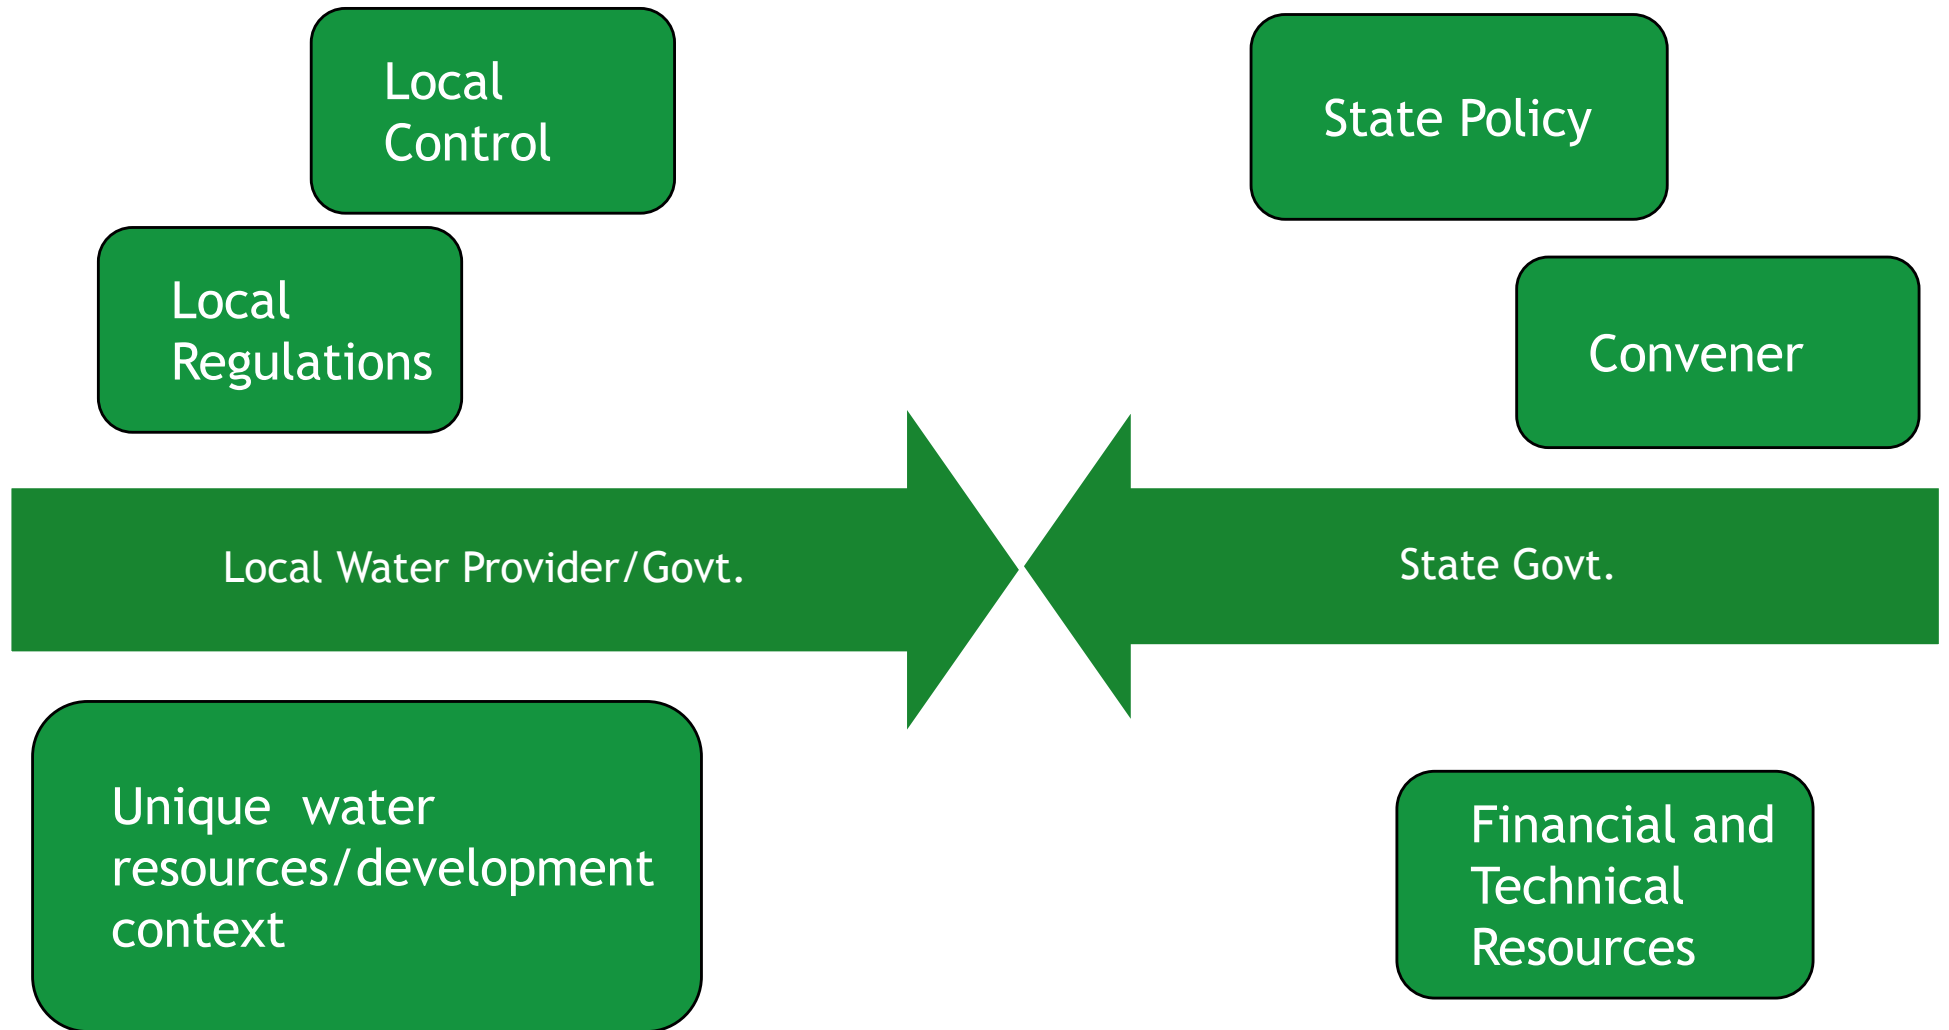

COLORADO'S
WATER PLAN

One view of the context...

Top Down-Bottom Up Approach

Final Thoughts

- How do we want to grow and develop? As a state, as local communities?
- How do we integrate water into land use decisions? Vice versa.
- What do our 21st century communities look like through the lens of a lower water supply/higher water demand scenario?
